

JA-0780-XX Tube Protection Screen
5 ft length (-JZ Tube Kits)
&
JA-0780-XS Tube Protection Screen
5 ft length (-SX Tube Kits)

1. Attach screen to bottom of reflector:
 - a. Hook one long side of the screen over one side of the reflector
 - b. While exerting pressure upward start from one end of the screen to 'snap' the screen into place on the opposite side of the reflector
2. Install clips on screen:
 - a. Insert two clips (supplied) on to each side of the screen, approximately one foot from each end of the screen
 - b. Fasten all clips to reflector with sheet metal screws supplied.
