Choosing your electricSchwank system

**STEP 1** Measure the dimensions and mounting heights of the area you want to heat.

**STEP 2** Select the heater[s] that will work both functionally and aesthetically for your space. Consider heater size, quantity, color and mounting options.

**STEP 3** Choose the control option that works best for your space, needs and budget.

---

**ES = SINGLE ELEMENT HEATERS**

**ESD = DUAL ELEMENT HEATERS**

**Note:** Indoor or well-protected environments will generally exceed average coverage. Heaters may provide less than average coverage in extremely cold or windy conditions.
